

DID YOU KNOW...?

Over 56 Years of Service

We can help you with your "gas" problems...

Our new easy refrigerant recovery tank "swap" program is sure to make your gas disposal problems disappear. Simply pay a deposit on either a 30# or 50# empty cylinder and when you are finished filling it return it to us for the same size empty one at "no charge".

- No hidden fees, no excluded services and best of all.. no hassles.

If you require a larger 125# cylinder the deposit is \$250 and when you return it full of refrigerant we will issue you credit for \$250. If the cylinder is empty a cleaning fee will be assessed at \$100.

- Designed exclusively for the contractor.
- Our program is the best in the industry.
